

## Photo Release/Permission Form:

1. Norma's Kiddie Preschool (NKP) has a simple website and Facebook page for potential new families to learn about us. I would like to include some pictures that show children playing, baking, eating, etc., rather than just have pictures of an empty backyard and playroom. I would appreciate it if you will allow your child's photo to be included in the ones selected to be online. NO NAMES or personal information will be included!! Just some photos that show how much fun it is here!

In addition, the Contra Costa Childcare Links site has the ability to include several photos on the section that gives NKP information. I would also like to post similar photos on their site.

I may make a brochure, or have a poster made, for an occasional event(s) such as a child care or preschool "fair", where parents can gather information about local choices. Pictures on these are nice to include, too.

\*\*I post daily pictures for your enjoyment on Instagram, which can be found at nkpkiddos. These are private, for the families only.

Again, no names would be included in ANY of the above.

If you will give me permission, below, I thank you!!

I, \_\_\_\_\_ give permission for my child's picture to be included in the manner discussed above, for Norma's Kiddie Preschool only. No names or personal information will be included with any use of a photo of my child/children.

Child's name: \_\_\_\_\_

Child's name: \_\_\_\_\_

Signature of parent: \_\_\_\_\_ Date: \_\_\_\_\_

Thank you so much!

Norma
